

Accelerate Assured COVID-19 Return to Work Support

“Our business, is your business”

Accelerate continues to support all our clients throughout the COVID 19 pandemic, as we have done for over two decades, keeping central our employees and their wellbeing.

Accelerate’s ability to deliver the best value service provision based on our core ethos of “People, Passion, Performance”.

Our return to work strategy

Since the pandemic began, cleaning has proven to be a vital part of the fight against COVID-19 and we know now, that a return to work in any sector is not simply a return to normal.

There's now an increased responsibility on employers to enhance their duty of care by providing a continually safe, clean and hygiene working environment.

This is how Accelerate can assist your safe return to the workplace ensuring the safety and comfort of your employees and stakeholders.

Your business is in safe hands...

Accelerate has a track record of providing sector leading support to existing and new clients, building our understand of your business and requirements, leading to the fundamental foundation of a trusted partnership.

We use this experience to build confidence and assurance in what we can deliver, ranging from daily office service to management of your entire facilitate management requirements.

Whatever your needs and business demands, Accelerate does deliver!

What can we do for you ?

Accelerate have not only navigated through the COVID Pandemic successfully, we have led our clients and been at the forefront of the sector in developing practical, safe and expert management strategies responding to COVID 19:

- ✓ Using the latest enhanced equipment combined with innovation methodology.
- ✓ Advanced planning, combined with expert foresight ensuring both compliant and dynamic risk assessments.
- ✓ Enhanced cleaning programs, delivering a range of services including high traffic areas, additional janitorial services, increased supplies of key essential product range and high touch point sanitising.
- ✓ Deployment of both electrostatic and fogging deep cleaning service, using our own in house fully trained and equipped teams
- ✓ Sanitary audit confirmation by means of ATP testing.
- ✓ Adjustment of your current cleaning program, to support a new way of cleaning with a lot of visual presence to assure your employees
- ✓ Supply and install social distancing products, and provide a wide range of consumables

How do we do it ?

- ✓ Attract and Invest in the best people
- ✓ Training our people to sector and subject matter experts
- ✓ Every employee at Accelerate carries out COVID testing twice weekly, always assured peace of mind
- ✓ Carry out vast amounts of research, and contribute to sector journals
- ✓ Deploy a flat management structure, truly accountable to our clients
- ✓ Design class leading wellbeing and employee engagement packages
- ✓ Engage and understand our clients needs, always designing solutions.

Support for our cleaning team

All Accelerate employees delivering, supervisor or managing front line cleaning services, have been fully trained and are compliant to the latest CDC, PHE and COVID Secure Workplace Guidelines process. Including the advance use of PPE and cleaning technology to kill COVID 19 fast and effectively.

Our team have access to private GP, wellbeing support and private counselling being part of our key worker and enhanced employee engagement package. We truly do look after our teams, they really are our business.

Emergency Response Team

When the pandemic began, Accelerate quickly formed a dedicated, specialist team who are on call for all COVID-19 decontamination services 24 hours per day, 7 days a week, 365 days per year.

Today we have five of these teams across the UK, all led by a supervisor or team leader ensuring these services are carried out to highest of standards. All our specialist cleaning includes ATP testing to validate the decontamination.

Normal cleaning is not normal anymore...

In addition to all our new services, Accelerate also recognises workspaces are different, the back to normal wont be the old normal... flexibility, diversity, innovation and a dynamic approach will be the future requirements for cleaning. Accelerate offer a wide range of enhanced cleaning schedules, revised hours of work to support your office and indeed if needed a completely refreshed quotation and service package.

The use of fogging and electrostatic cleaning has proved pivotal in getting staff safely returned to work the next day after a positive COVID-19 result, this also shows to staff that their employer takes their safety seriously and builds immense trust and confidence for a return to the office.

Rest assured that however the new world looks, Accelerate will support you and your business as a true partner!
